BIG PROJECT FOR LITTLE COMMUNITY—One of the most ambitious community projects ever undertaken by a village of 250 persons is under way at Bayville, Ont., in the Muskoka area. Volunteer workers here hammer away on the memorial arena which, when completed, will be as big as those most communities in times of peace. Bayville residents have been at the job four years, hope to finish raising the \$15,000 necessary to complete the project this fall.—Central Press Canadian.

JORDAN'S NEW KING—A royal welcome greeted the new ruler of Jordan, King Abdulah, on his arrival in Amman from Europe. An aide of the king, King Abdulah, was replaced by a new aide. The 65-year-old monarch immediately took the oath.

TRAIN DERAILED IN TRUCK COLLISION, TWO DEAD—This train was knocked over and the rails twisted like ribbon in a collision with a heavy tractor-trailer near Chatham, Ont. Firemen had difficulty in escaping flames when the locomotive overturned and the driver Joseph Pottinger died in the fire which enveloped his truck. No passengers were seriously injured.

ROMULO FORGIVES—WITH RESERVATIONS—The world has come a long way from the slaughter of Manila when Japanese and Philippine soldiers ran off and conspired secretly. Japanese Prime Minister Shigeru Yonishi, (left), and Philippine Foreign Minister Carlos Romulo are shown in a friendly but tense meeting of Japanese peace treaty conference in San Francisco. Romulo told Yonishi that "I am welcoming Premier Yonishi not in the spirit that hygonas be hygonas in the spirit that hygonas must not be repeated again."—Central Press Canadian.

Nurse Has Grain of Pigeon, Back—Nurse, passenger on the train, rendered first aid to the injured engineer, Paul Chubb.

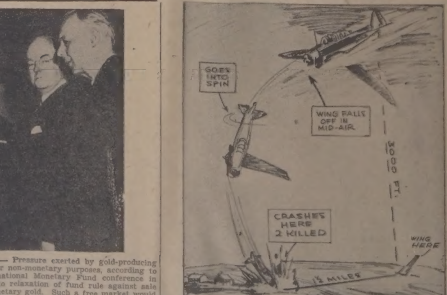

NATIONAL FLAG DESIGN—A—L. Ceron of Montreal submitted this flag design to the National Flag Committee believing it to be truly Canadian in conception and execution. The cross is white on a blue background; the 10 stars, blue on a white background; the maple leaf, white on a red background.

Carl Sterling—Carl Sterling was carried out of the steam-fitted locomotive but died in hospital.

TWO DIE IN SECOND TEXAN PLANE CRASH—Two R.C.A.F. flight cadets, stationed at Centuria, Ont. were killed when their Texan training plane lost a wing at 2,000 feet and spiralled to the ground, narrowly missing a farmhouse. It was the second such accident in a Texan plane in three months. Dead are: Bruce R. Chad, of New Liskeard, Ont., and Gary Brynes of Kitchener, Ont.—Central Press Canadian.

The last photo died instantly in the crash, which barely missed their plane, the remains of which are inspected, (top), by the R.C.A.F. Over the farmhouse near where the plane crashed, P. L. Heston, believe the pilots spent their last moments trying to avoid hitting the house.

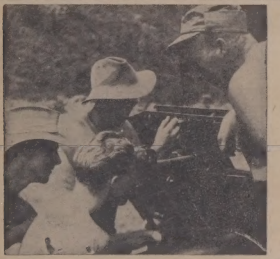

MACHEN, a dachshund, finds that being crowned is pretty tough. Brought back from Germany as a pet for Billy Buback, son of Col. and Mrs. William E. Buback, of Omaha, MACHEN never recognizes members of the family until they're very close to her. "She chases her tail, as dachshunds sometimes do, but she often catches her leg by mistake," said Mrs. Buback.

TELEVISION SET IN CAPTAIN'S CABIN—Television adapted for underwater viewing is now used by the British navy for locating lost submarines and other wrecks at the bottom of the sea. The television was used to identify the submarine Affray lost early in June in the English channel. All other attempts to locate the sub had failed but the television was able to pick up the name "Affray" on the hull. Powerful lights, as shown here, penetrate the dark water on the ocean bottom.

FRENCH MILLER HELD—French Miller, Montreal, 45, has been charged with manslaughter in connection with the "dead machine" which took four lives and sent 35 others with violent hallucinations to hospitals in Southern France. Miller was arrested when four landed with regret (a vegetable poison) was traced to his mill.

CO-OPERATION KEYNOTE OF COMMONWEALTH TROOPS—Ken students of Cpl. A. J. Thomson of Ontario as he demonstrates anti-tank gun to 17-pomier anti-tank gun at specialist's weapons training school in Roma, see, left to right: Pte. J. McChaffey, Midland, Victoria; Pte. H. Bartlett, and Pte. E. Nicholson, both of New South Wales, Australia. This is one of the first pictures released showing troops of recently formed British Commonwealth Division, working together.—Central Press Canadian.

ROY, DOUGLAS ABBOTT, Canadian Finance Minister, (left), discusses a plan with President Truman at the recent annual meeting of the International Bank and International Monetary Fund held in Washington. In background is Drew N. Dorey, deputy managing director of the fund. Mr. Abbott presided at the session.

CANADA URGES FREE MARKET FOR NON-MONETARY GOLD—Pressures exerted by gold-producing countries like Canada and South Africa may result in free sale of gold for non-monetary purposes, according to Washington. Financial experts say U.S. is wary in the relaxation of gold rules against sale of gold for processing at price higher than the fixed \$35 an ounce for monetary gold. Such a free market would help ease financial difficulties of Canadian gold producers. Delegation to World Bank conference was from left to right: P. H. Black, president, International Bank for Reconstruction and Development; Andrew N. Overy, deputy managing director of the I.M.F.; Canadian Finance Minister Douglas C. Abbott, chairman, board of governors of the I.M.F. and International Bank of Reconstruction and Development; President Truman; Treasury Secretary John Snyder, and vice head, Swedish bank.—Central Press Canadian.
